Introduction

MIT-WPU

With a rich legacy of 40 years in fostering world-class academic excellence and over 100,000 alumni across the globe, MIT-WPU is one of the premier centres of higher learning in India that offers over 150 programmes. The programmes are developed by leading Indian and international academics and focus on both theoretical and practical aspects. Students at MIT-WPU benefit from a hands-on learning approach, mentor-mentee relationships, internships, and immersion programmes that provide opportunities for real-world learning and personal growth.

School of

Liberal Arts

The School of Liberal Arts provides a multifaceted view of the world to the learners through its Departments of Liberal Arts, Media and Communication, Education and Photography. It focuses on creating the synergy between Political Science, Psychology, Economics, Literature, Arts, various skills, and knowledge systems. It also emphasises research, analytical approach, problem solving aptitude, self-expression, and life-long learning. The School aims at developing professionals with social sensitivity and ethical approaches to empower society at all levels. The School shapes the personality of learners with applied aspects of knowledge and skills to cater to the contemporary needs of society.

Department of

Education

The Department of Education at MIT-WPU's School of Liberal Arts is committed to shaping the students into dedicated, mindful, and sensitive teachers of tomorrow. The futuristic curriculum of the B.Ed and M.Ed programmes is designed by renowned academicians and ingrains the best pedagogical techniques and theories in the students. A combination of faculty and guest lectures and a number of classroom management sessions helps in training the candidates to understand students' psychology effectively and to identify and overcome the challenges of the academic environment. The programmes equip future teachers to combine the best of Western pedagogical practices with the ideals of the Gurukul system of India and make classrooms a more student-centric space.

Highlights

- Curriculum as per National Council for Teacher Education's guideline
- Activity-based teaching learning
- Hands-on experience through internships in reputed schools
- Scholarships to meritorious students
- Guest lectures, seminars, and workshops by industry experts and academicians
- Rural, National, and International Immersion programmes to sensitise students to ground level realities and solve complex societal problems
- Highly qualified and experienced professors
- Dedicated Centre for Industry-Academia Partnerships to support students through structured assessments, training, and grooming activities, and get job opportunities in world-class organisations.

WE LIVE

CREATIVE
PROGRESS

**Dean's
Message**

Prof. Santosh Kumar

School of Liberal Arts
MIT World Peace University

My Dear Students and Parents,

Welcome to the world of Liberal Arts that teaches you to think freely and help you become the person you want to be.

Let me begin with a rivetting and inspiring quote by the great thinker Plutarch, "The mind is not a vessel that needs filling, but wood that needs igniting." This has gained overwhelming relevance in the present world, which is characterised by volatility, uncertainty, complexity, and ambiguity, referred to as VUCA.

The macro-environment is progressively getting globalised, automatised, virtualised, networked, and flexible. The formal learning is shifting from 'degrees' to the 'education', which prepares the students for life in a complex, rapidly changing world. The students need to learn to think laterally and critically and communicate clearly. Effective teamwork, a significant attribute to imbibe and cultivate leadership qualities that sets them apart from others, is critical for the leaders of the future.

They need to learn how to synthesise multiple perspectives, inspired by the diversity of the human experience, by applying creativity, innovation and ethics to problem solving in all areas of life. Hence Liberal Arts, which inculcates among the students, the new skill and competencies that will become more important such as non-linear thinking, social and intercultural skills, self-management, and self-competence.

Long-term success means being flexible, adaptable, and intellectually curious. Employers need globally conscious graduates who are clear communicators, strong analytical thinkers, and consummate researchers who know how to formulate good questions and then go out and find the answers. These are all skills that studying the Liberal Arts develops. But there's more to life than work.

A strong foundation in the Liberal Arts develops patterns of thinking and doing that support intellectual growth over the course of a lifetime, whether that comes in the form of travel, supporting reading good books, having meaningful discussions with friends, or picking up a new hobby that brings fulfilment outside of working hours. In other words, studying the Liberal Arts enhances your overall quality of life, now and in the future.

School of Liberal Arts seeks to offer cutting edge, multi and inter-disciplinary majors and minors from its four constituent Units, viz., Media and Communication, Social Sciences and Humanities, Photography and Education. Each of the major offers Core from the theoretical and conceptual perspective and Electives from the point of view of specialisation and thus facilitating the professional preparedness and journey of the leaders and social technocrats of the future.

Let me end my note with quotes from two STEVES, Steve Case and Steve Jobs, which captures the essence of Liberal Arts at our University.

Steve Case, an immensely ignited mind, an American entrepreneur, investor, and businessman best known as the former Chief Executive Officer and Chairman of America Online (AOL), and he says, "I do think that a general liberal arts education, with strong foundation and vertical specialisation, is very important, particularly in an uncertain and changing world".

Steve Jobs states, "Its technology married with liberal arts, married with humanities that yields us the results that make our hearts sing"

I invite you to the challenging and exciting intellectual environment at School of Liberal Arts, MIT World Peace University, and a journey that helps YOU define yourselves today and shape YOUR future.

Bachelor of Education (B.Ed.)

The Bachelor of Education programme at MIT-WPU is a two-year programme that teaches students the skills and art of teaching as recommended by leading pedagogical experts. As they create lesson plans, students learn about teaching approaches such as Bloom's taxonomy and Marzano and Kendall's taxonomy, as well as theories such as behaviorism, cognitivism, social learning, experiential learning, and others. They are also trained in designing curricula that meet the needs and requirements of students of different ages. Students have numerous opportunities to work in classrooms with students of various ages to gain expertise in teaching at the primary, secondary, and higher secondary levels. The programme emphasises the importance of peer learning, teamwork, project and assignment-based learning, and hands-on training. The programme also emphasises the academic and ethical responsibilities of teachers and the crucial role they play in shaping the future of the nation.

Duration- 2 years

Fees- 55,000 PA

B. Ed.

**TRANSFORM
YOUR WORLD...**

Master of Education (M.Ed.)

The Master of Education programme at MIT-WPU aims to enhance students' skills in curriculum development and classroom management. The programme's curriculum covers the sociological and philosophical foundations of education in India, as well as the evolution of these perspectives over time. Students also study the policies that have influenced education in India, as well as current trends such as online learning, LMS, blended and flipped classrooms, and mobile-web-based methods.

The curriculum of the programme includes modules on topics such as choosing a research problem, writing research proposals, using research tools and techniques, and more, to prepare students for a career in research. The final semester of the programme involves submitting a dissertation and participating in a viva, which is a preparatory step for writing a doctoral thesis. Upon graduation, students may pursue careers as leaders, policymakers, or administrators in higher education or other fields.

Duration- 2 years

Fees- 40,000 PA

Career Opportunities

- Secondary School Teachers
- Higher Secondary Teachers
- Academic Coordinators
- Supervisors in SSC, CBSE, ICSE Board Schools
- Teachers in Academic Centres
- Tuition Teachers

Internships

Experiential learning is an integral component of learning at MIT-WPU. The students get an opportunity to apply their knowledge and skills through mandatory teaching internships in reputed schools incorporated within the B.Ed and M.Ed degrees in the last semesters. This internship aims to provide a platform to integrate classroom knowledge with related practical applications and skills in a professional ecosystem. The students get a chance to access real-world practical learning that instil critical perspectives for rewarding future career pathways.

Placements

The Training and Placement Cell at MIT-WPU plays a crucial role in locating job opportunities for students who complete their B.Ed and M.Ed by inviting reputed firms and industrial establishments for opportunities. MIT-WPU has been successful in maintaining high placement statistics over the years.

The Placement Cell organises career guidance programmes for all the students. The cell also arranges training programmes including Mock Interviews, Group Discussions, Communication Skills and multiple workshops.

POWERING THE FUTURE

Ms. Minu Kalita got a very prestigious **"Executive President Medal"** for getting 10 CGPA in B.Ed. and a **"Gold Medal"** for getting First Rank in B.Ed. final examination on the Convocation day.

Testimonials

Purvashree Joshi
Teacher at Millennium National School

MIT-WPU Department of Education provides an excellent platform for aspiring teachers like me. I found the curriculum to be very well-planned, engaging and also up-to-date with the changing times. The faculty, who are knowledgeable and dedicated, are excellent guides to us. We were meticulously trained by them to conduct effective lessons and classroom management techniques were taught too. This practical experience helped us in honing the perfect skills necessary in the teaching profession. They have provided us with a nurturing environment with immense cooperation and support. I would like to express my gratitude to the entire team of this organisation for encouraging me to always put my best foot forward.

Aishwarya Joshi
Teacher at MIT Vishwashanti Gurukul School, Kothrud

I am fortunate to be a part of the MIT-WPU Department of Education. Apart from training & guiding us in the process of teaching & learning we have gained guidance for our teaching career. The placement cell works a lot to provide us job opportunities & guides to face the interviews. They also keep track of the things & keep follow-ups ready. I am happy that with the help of a placement cell I have been selected in a reputed institute as a language teacher. All the faculty members are guiding pillars of our life from the start of our learning process till we are recruited.

Komal Kumari
Teacher at iTeach Schools

I am one of the student placement coordinators and it's really fun working with the experienced lecturers. Our placement cell conducted various activities starting from electing the students as a student coordinator till the final placement. We went through various activities like, Calyxpod registration, seminar on career based and also got an opportunity to apply for the different schools which were offered by our placement cell. I am one of the students who got placement with a good salary in a very renowned organisation. I would like to thank my mentor, my lecturers and to the Department of Education, MIT-WPU.

Deepika Kumari

Teacher at Shri Chaitanya Techno School

I would like to express my sincere gratitude to MIT-WPU's Department of Education for helping me at each and every step of my professional career. The university provided me with the best possible platform to excel in my career interest. I am very happy because in the pandemic situation placement activities from college helped me to get a job. During my study period, I learned many things from college faculties, they used to do a lot of activities. I am thankful to MIT-WPU's Department of Education.

Life at Campus

Rural Immersion Programme

MIT-WPU's rural immersion programme is a unique educational opportunity that helps students understand and address the challenges faced by rural communities. During the programme, students visit a village and learn about the local culture, community, and landscape. They work on various projects, such as optimising irrigation systems, conserving and storing water, recycling waste, and using solar power, to improve the rural environment. This hands-on, real-life learning experience helps students develop critical thinking, problem-solving, and community awareness skills. It also helps them gain a deeper understanding of rural society and how their knowledge can lead to innovative solutions. Through these programmes, students learn how to bridge the gap between urban and rural areas in India.

R.I.D.E.

R.I.D.E is a one-of-its-kind conclave annually conducted and hosted by the Innovation Club of MIT-WPU to expand the horizons of education beyond academics and open the pathway for students towards entrepreneurship. The conclave is meant to expose students to the emerging research, entrepreneurship, design thinking and innovation in various fields. The 5 day conclave witnesses a footfall of over 10,000 students and showcases over 100 start-ups from various sectors including technology, design, healthcare, agri-tech, sustainable energy and retail. More than 50 experts from the venture capital industry address students about the changing face of start-ups, innovations and the evolving market trends to encourage out-of-the-box thinking by simulating a real-world start-up environment.

INDIAN STUDENT PARLIAMENT

**Largest Classroom of India
to evolve Future Political Leadership**

India is the largest democracy in the world and is considered to be amongst the most mature countries in the world. However, if India has to evolve as a highly developed nation, we need politics which focuses on development. To bring in this change, we need to attract youth, who are committed towards politics and are willing to embrace public life with a view to strengthen the democratic fabric of our nation.

To further this cause, with the objective of nation building, the Bharatiya Chhatra Sansad (Indian Students Parliament) was initiated by Rahul V. Karad in 2011, wherein students of the entire country can be sensitized about entering into public life or embracing active politics.

**Established in 2011
Brainchild of Rahul V. Karad
(Executive President - MIT-WPU)**

**Participation of
450 Universities and
over 12,000 students
all over India**

Other Events at MIT-WPU

MIT-WPU is known for its dynamic and engaging academic and extracurricular events, which provide students with numerous opportunities to learn, grow, and get involved in their community. In addition to the well-known events R.I.D.E. and BCS, there are over 100 student-led events that take place at the university throughout the year. These events cover a wide range of interests and topics, from cultural festivals and guest lectures to community service projects and sporting events. By participating in these events, students can gain valuable skills, make new connections, and become more active and engaged members of the MIT-WPU community. Some of the events are as follows:

- Design Xpo
 - Aarohan
 - Kala Mehfil
 - Hackathon
 - National Conference on Media and Journalism
 - Abhivyakti
 - TEXEPHYR
 - Tesla
 - Techogenesis
 - RoboCon
 - Science Expo
 - Social Leadership Development Program (SLDP)
 - World Parliament of Science, Religion and Philosophy
 - Bharat Asmita National Awards
 - National Women's Parliament
 - International Symposium on Law and Peace
 - Vidhi-Manthan
 - Peace Marathon
 - Sports Summit
-and many more

Students' Clubs at MIT-WPU

MIT-WPU is home to a diverse and active student community, with a wide range of clubs and organisations catering to a variety of interests and passions. These student-led clubs provide opportunities for students to get involved, make new connections, and develop their leadership skills.

Majorly, there are 5 categories of clubs at MIT-WPU; cultural, social, sports, co-curricular and NCC/NSS clubs which provide students with opportunities to learn about and explore their specific areas of interest.

Some examples of clubs at MIT-WPU include:

- The Innovation Club, which hosts events and workshops related to entrepreneurship and innovation
- The Art and Photography Club, which brings together students with a shared interest in artistic expression
- The Sports Club, which organises sporting events and activities for students to participate in
- The Cultural Club, which celebrates the diversity of the MIT-WPU community and promotes cultural exchange
- Aatman - It is the only Mental Health Club of MIT-WPU, Pune, that is led by the students of the Psychology department.
- Team Dart - Team DART is a motorsports team of MIT World Peace University which annually participates in a competition named Rally Car Design Challenge (RCDC) organized by professional industry sponsors

By joining a club or team, students learn to make the most of their time while engaging their mind and developing their skills, making meaningful contributions to the community at large. These clubs also participate in national and international competitions and have won various awards, ranks and recognition on numerous platforms.

Peace Studies

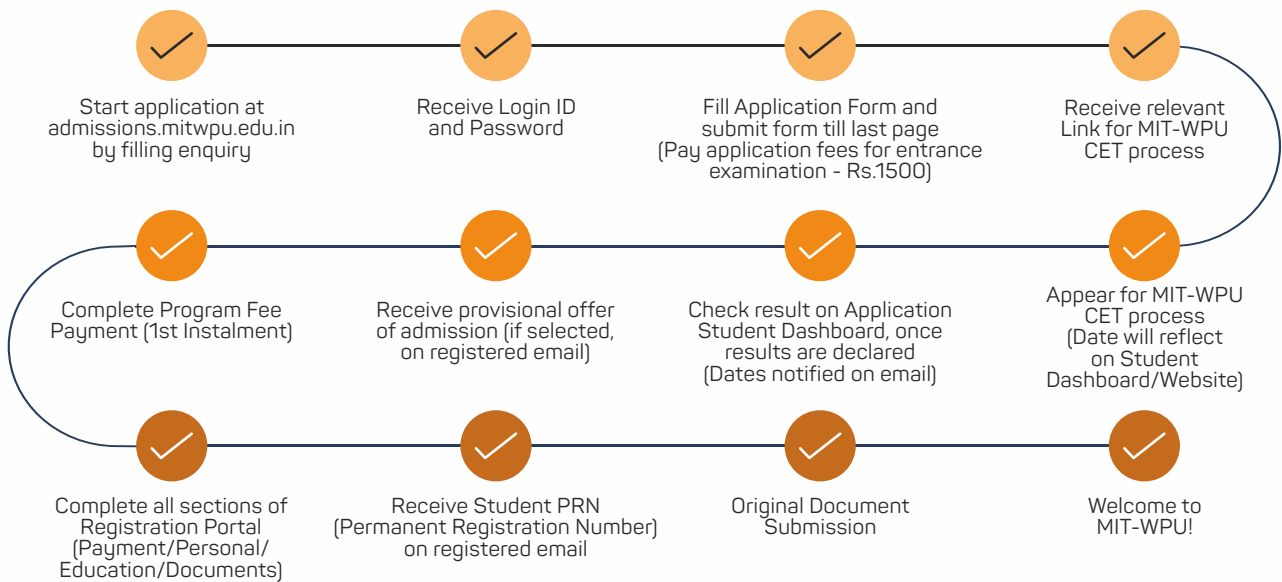

The mandatory peace studies module at MIT-WPU aims to provide students with a holistic education that integrates various disciplines for their personal development. Through this module, students gain a greater understanding of the interconnectedness and interdependence of mind, matter, spirit, and consciousness. They also learn about the critical spiritual laws that can help them develop a scientific temperament and a spirit of inquiry, as well as a sense of humanism.

In addition, the peace studies module introduces students to various yoga practices that help them develop their information base and cognitive abilities, as well as their critical thinking skills and personality. Upon completing the course, students will have a better understanding of how elevated consciousness can positively impact human behaviour and contribute to a happier, healthier, more peaceful, and empowered world. Overall, the peace studies module aims to equip students with the knowledge and tools they need to become more conscious, compassionate, and responsible global citizens.
