School of Science and Environmental Studies

MIT-WPU's School of Science and Environmental Studies stands as a distinguished academic powerhouse, fostering scientific excellence through innovative interdisciplinary education. Our comprehensive departments—Mathematics and Statistics, Physics, Chemistry, Biosciences and Technology, and Environmental Studies—deliver transformative learning experiences that seamlessly integrate theoretical mastery with cutting-edge practical applications.

Distinguished faculty mentor students through immersive research opportunities, while strategic partnerships with leading national and international research institutions provide unparalleled industry exposure. We cultivate visionary leaders who are equipped to drive scientific innovation in healthcare, agriculture, and food, thereby addressing global environmental challenges.

Department of Biosciences and Technology

Our Department pioneers biotechnological excellence through industry-oriented programmes that seamlessly blend contemporary scientific knowledge with futuristic innovation. We cultivate inquisitive minds through state-of-the-art laboratories, including microbial culture, animal tissue culture and tissue engineering, bioanalytical, plant biotechnology, cell and molecular biology, and bioinformatics facilities, enabling hands-on experiential learning. The department also hosts the Revvity-MITWPU centre of excellence in Bioimaging Technologies and Innovation, which offers advanced, state-of-the-art imaging equipment, including confocal microscopes, flow cytometers, live animal imaging systems, microfluidics, gene extraction, and advanced imaging software.

Distinguished faculty members, renowned for their scholarly contributions, mentor students through self-directed learning, critical thinking, and problem-solving methodologies. Through strategic industry partnerships, internships, and immersion programmes, we develop industry-ready professionals equipped to drive scientific innovation and contribute meaningfully to biotechnology's transformative impact on human welfare.

Key Highlights

- **Global Alumni Network:** Over 25 years of excellence with graduates leading pharmaceutical industries and research institutions worldwide
- **Multidisciplinary Excellence:** Collaborative learning environment across 14 diverse disciplines, fostering innovation through cross-functional teamwork
- **Student-Centred Pedagogy:** Dynamic learning approach featuring team teaching, project-based learning, case studies, and peer collaboration
- **Values-Based Education:** Developing pharmacy professionals grounded in Indian values and holistic healthcare principles

SIDDHESH GAIKWAD
M.Sc. Microbiology

I am thrilled to be a student at the Department of Biosciences & Technology at MIT-WPU. The industry-oriented curriculum, hands-on laboratory training, and research opportunities have sparked my curiosity and deepened my scientific skills. The expert faculty's guidance and support have been invaluable throughout my journey. Exposure to internships, industry visits, and immersive learning has truly prepared me for a dynamic career in biosciences and biotechnology. I feel confident and inspired to contribute innovative solutions in research, healthcare, and technology after my experience here.
