School of Engineering and Technology

The School of Engineering and Technology at MIT-WPU embodies educational excellence, serving as a beacon of intellectual achievement with programmes crafted to inspire and innovate. Our dynamic approach surpasses conventional engineering education through strategic industry collaboration, experiential learning, and advanced pedagogical methods, including Problem-Based Learning. Notable faculty, including accomplished educators and industry leaders, impart real-world expertise, ensuring students gain both deep theoretical understanding and practical skills. Through collaborative environments, diverse specialisations, and robust industry partnerships, we develop technically proficient graduates equipped to lead technological progress, solve global challenges, and champion innovation in engineering fields.

Department of Electrical and Electronics Engineering

MIT-WPU's Electrical and Electronics Engineering Department spearheads technological innovation, shaping engineering's future through excellence in education, research, and innovation. We cultivate versatile graduates equipped with fundamental principles, creativity, and problem-solving expertise to tackle modern challenges. Our vision drives technological progress and societal transformation, preparing leaders for sustainable energy, automation, and emerging technologies. The department fosters interdisciplinary research, entrepreneurship, and ethical engineering practices, offering diverse career paths in AI, IoT, VLSI design, automotive electronics, and beyond. We welcome students, faculty, and industry partners to join our mission.

Key Highlights

AdvancedEEE Labs: The Department of Electrical and Electronics Engineering features 23 well-equipped labs supporting hands-on learning in VLSI design, embedded systems, automotive electronics, IoT, AI computing, and sustainable energy technologies.

Industry-Expert Faculty: Distinguished professors specialising in VLSI, AI applications, and power engineering.

100% Placement Support: Internships opportunities and strong recruitment partnerships with leading tech companies.

- **Specialised Career Tracks:** Focus areas in IoT, automotive electronics, AI healthcare, and electric vehicles.
- **Research Excellence:** Active projects in sustainable energy, smart systems, and cutting-edge electronics.
- **Global Exposure:** International collaborations and industry immersion programmes for broader perspectives.
- **Future-Ready Curriculum:** Hands-on learning in emerging technologies and industry-relevant skills.

LEARNING BEYOND CLASSROOM

A carefully curated set of experiential learning courses designed to foster the holistic development of our students.

FIRST YEAR

→ Social Leadership Development Programme (SLDP)

Necessary exposure and opportunities to become a change leader.

→ Co-Creation

Ability to work in multi-disciplinary teams on real world complex problems.

SECOND YEAR

→ Research, Innovation, Design, and Entrepreneurship (R.I.D.E)

Pathway to innovation and entrepreneurship

→ Rural Immersion

Understand the problems of Bharat and employ technical skills to benefit society.

→ Life Transformation Center

Journey of reflection and self-discovery

THIRD YEAR

→ National Immersion Programme

Exposure to and appreciation of academic, cultural and regional diversity

→ Democracy, Leadership Governance & Public Policy

Contribute to society using critical thinking and by embracing different viewpoints

About MIT-WPU

With a rich legacy of 43+ years in fostering world-class academic excellence and over 100,000 alumni across the globe, MIT-WPU is one of the premier centres of higher learning in India. Today over 25,000 students from diverse backgrounds across the world are experiencing a 'life-transforming curriculum' across a multitude of professional academic programmes. Currently, students are pursuing education in over 150 programmes at MIT World Peace University. Located in the picturesque city of Pune, the MIT-WPU campus is surrounded by key civic infrastructure and sprawls over 65 acres of lush green campus.

RIDDHI ATTARDE

B.Tech Electrical and Computer Engineering

Being a student at MIT World Peace University has been an incredible journey. As a student of TY Electrical & Computer Engineering, I've had the opportunity to work on real projects, collaborate with people who bring diverse perspectives, and explore avenues I may not have elsewhere. Every project, event, and interaction has helped me gain exposure, develop new skills, and broaden my outlook. It's a place that constantly challenges and inspires you, and through this journey, I've discovered more about myself and my capabilities than I ever imagined.
