School of Science and Environmental Studies

MIT-WPU's School of Science and Environmental Studies stands as a distinguished academic powerhouse, fostering scientific excellence through innovative interdisciplinary education. Our comprehensive departments—Mathematics and Statistics, Physics, Chemistry, Biology, and Environmental Studies—deliver transformative learning experiences that seamlessly integrate theoretical mastery with cutting-edge practical applications.

Distinguished faculty mentor students through immersive research opportunities, while strategic partnerships with leading corporations and NGOs provide unparalleled industry exposure. We cultivate visionary leaders equipped to drive scientific innovation and address global environmental challenges.

Department of Mathematics and Statistics

The Department of Mathematics and Statistics at the School of Science and Environmental Studies, MIT-WPU, stands as a pioneering academic hub—uniquely integrating rigorous quantitative disciplines with holistic wellness through peace studies and yoga. We cultivate analytical minds capable of scientific investigation and innovative problem-solving across diverse domains, from data analytics to mathematical modelling, while nurturing a balanced and ethical approach to learning and discovery.

Our comprehensive academic offerings include the B.Sc. in Applied Statistics and Data Analytics, M.Sc. in Mathematics and Data Science, M.Sc. in Statistics, and a vibrant Ph.D. programme. These are led by esteemed faculty who emphasise both technical excellence and personal growth, empowering students to become compassionate professionals poised to contribute meaningfully to society's advancement.

The department features state-of-the-art infrastructure, including a dedicated computer lab equipped with advanced software tools to support data-driven research and high-performance computation. We foster an engaging learning environment through the celebration of key academic events such as National Mathematics Day, Pi Day, and National Statistics Day. Additionally, students benefit from exposure to cutting-edge knowledge through trending workshops and seminars in Data Science, Artificial Intelligence, and Machine Learning—ensuring they are well-prepared for dynamic careers in both academia and industry.

SWARALI MUNGARE

M.Sc. Mathematics & Data Science

I am Swarali Mungare, a student from the Department of Mathematics and Statistics at MIT World Peace University. I did my M.Sc. in Mathematics & Data Science from here. The university has provided me with a wide range of opportunities for both academic and personal growth. In addition to my studies, I have gained valuable experience by volunteering for events, serving as a club head, and learning from distinguished speakers and faculty members. I am grateful to be a part of this institution and am confident that the knowledge and learning opportunities provided here will help me build a strong career in the field of Data Science.
