Life Transformation through Peace and Education

Dr. Vishwanath D. Karad's View

Our Visionary Founder's passion has always been to create an educational system that blends science & spirituality. He advocates that Peace is not just a concept or theory; **“Peace is to be Practiced and Experienced.”**

Peace in Education

Education without values & ethics is meaningless and could even be dangerous to the society. At WPU, we aspire to make our student contribute to the global sustainable peace and welfare of humanity.

WPU M

What Does Peace mean in MIT-WPU

There are 5 dimensions to our offering and from a Student's perspective, he/she can get educated on the following.

- Learning PEACE Practicing

Students Testimonials - 1

Arjun Choudhary
WNS Global Services

Three years ago our journey started at MIT. We were bit nervous and anxious. Our professors inspired and challenged us throughout this quest to help us achieve our goals. Strangers to each other we walked in and hand in hand we walked out from here. Our college has always taught a lot to us that how to face difficult situation and cherishing by defeating that difficult situation. At the end I really thanks to this college, teaching and non-teaching staff and to our beloved principal Dr. Madhuri Kulkarni ma'am for her support and motivation in this journey of three years. Thank you.

Miss. Apoorva Anusha
ICICI Prudential

I am currently working in ICICI prudential, one of the top insurance company in india as sales manager. The biggest thing that I gained from my graduation is practical knowledge of how corporate world functions. The curriculum is such that knowledge is imparted not just through course books and lectures but also through case analysis, ongoing national and international issues, seminars, and more. I am thankful to the faculty for preparing me to deal with real-world issues in work life. That is how working in the insurance sector has been fairly easy for me till now.
