### CODE OF ETHICS FOR MENTOR

- I will be accessible and available to the mentee to deal with any issues or problems of mentees, wherever it is appropriate.
- I will listen actively to mentees with interest, to understand their needs and expectations.
- I will try to serve as a positive role model for my mentee, helping him/her to aim higher, and providing psychological support in need.
- I will lay the foundation for the mentees to achieve them academic, professional goals and intellectual development.
- I will ensure fair and equitable treatment to all mentees regardless of age, gender, race, ethnicity, culture, national origin, religion, disability, socioeconomic status.
- As far as possible, I will avoid to supervise my mentee and will not perform harmful multiple roles which could impair the objectivity of mentorship.
- I will not make any promises to my mentee that I cannot keep
- I will maintain full confidentiality about the information shared in confidence by a mentee. If it is necessary to disclose anything relating to my mentee, I will attempt to do so in a manner least harmful and most beneficial to my mentee and the program.
- I will demonstrate the institution's commitment to internationalization so that International students feel valued by the institution.
- I will avoid entering into a personal, professional, financial or other relationship with mentees.
- I will establish a responsible and trustworthy relationship with my Mentees.
