

Report on recent achievement of Team Piranha Racing (BAJA)

Team Piranha Racing, part of SAE collegiate club of School of Mechanical engineering Secured AIR 1 in the Automotive Knowledge and Rulebook Test amongst over 200 national teams participating in the event.

The BAJA SAEINDIA 2021 Preliminary Event was decided to conduct in 2 legs namely The Automotive Engineering & Baja SAE Rulebook Knowledge Test and The Baja SAEINDIA 2021 Virtual Presentation The event was scheduled on 12th and 13th December, 2020 wherein all the registered teams showcased their knowledge and readiness to successfully participate in the main event.

The result for quiz was announced immediately and Team come out with flying colors and secured AIR 1.

The result for Virtual is not declared yet, but School of Mechanical Engineering, Entire Faculty of Engineering and Technology and MITWPU family knows the potential within the team hence congratulating you for achieving great success and keeping the Legacy of winning in national as well as international events alive. Wish you a good luck for your future endeavors.
