

### **Report on Guest Lecture: “Cyber security for youth” (11/01/2020)**

MIT WPU School of Education organized guest lecture on Cyber security for youth on 11/01/2020 for the B.Ed students. Dr. Suresh Isave, a well-known name in the field of Education who also has expertise in the field of cyber security. Students from first year and second year B.Ed. course along with staff members attended the lecture.

Dr. Suresh Isave explained with example about various threats we are facing while using social media. He gave information regarding the need of cyber security. He insisted that cyber security is necessary since it helps in securing data from threats such as data theft or misuse, also safeguards your system from viruses. He created awareness about the protection of information against unauthorized disclosure, transfer, modification, or destruction, whether accidental or intentional. He shared information about various websites and official links where we can place our complaints regarding cybercrimes.
